**Disability Discrimination Act**

The school is required by law to take disability into account in relation to the nursery admission process and the arrangements it makes for disabled pupils and potential pupils. This is so as to avoid any child being discriminated against on the grounds of their disability in the allocation of nursery places or in the arrangements that are made within the nursery to provide for a child's disability.

If you think your child has a disability, please give full details of the disability and attach any supporting documentation to your application form. This can then be considered when places at the nursery are allocated and, if your child is admitted, in the arrangements made within the nursery to provide for your child's disability.

Details regarding your child about which you think we should know:

.....  
.....  
.....

I understand that I should consider informing the school if my child becomes disabled in the future.  
I understand that the School's ability to make provision for my child's disability will be reduced if I do not inform the school of the disability.

**Declaration**

I understand that the Authority or School reserve the right to verify the information on this form. Any offer of a place will be on the basis that the information supplied is accurate and up to date.

**I understand that I must make a separate application for a place at Uplands Primary School and that the offer of a place in this nursery does not give priority to an application that I may make for Uplands Primary School.**

I certify that the information I have given in this form is correct to the best of my knowledge.
